The appointed student guardian will closely follow the well being and success of each student as they adjust to their new school environment, and throughout the student's stay in Canada. Multi-lingual support for students and their families are offered 24 hours, 7 days a week, and maintain open communications between school administration, parents, and students. ISGC will also track and assist students with Study Permit renewals, and are available, (at an additional cost to the student/family) to assist with immigration support through a registered immigration consultant, including all travel visas, to new and returning students.
